

## Julie Bess, MS, AG-ACNP

Julie Bess, MS, AG-ACNP, is an experienced critical care nurse practitioner, with a commitment to the field of critical care medicine by demonstrating greater than twenty years of working within the hospital industry. Driven by passion in learning science and embracing evolving technology in healthcare, she takes pride in offering the best of her practice as an ANCC board certified Acute Care Nurse Practitioner at OhioHealth Riverside Methodist Hospital in Columbus, Ohio. As a leader in her field, her goals include advancement of the physician assistant and nurse practitioner community with inspiring maximum potential of talent through clinical and organizational involvement.

In addition to her clinical practice in critical care, Julie Bess has committee experience serving as chair-elect on a hospital Shared Governance Committee and graduate representative for a Curriculum Committee at a large public university. As a recognized educator and leader, she has presented at the Annual Advanced Practice Provider Conference and has experience with podcasting which has offered continuing medical education (CME) for nurses at The Ohio State University Wexner Medical Center. As Member-at-Large of Ohio Chapter of Society of Critical Care Medicine (SCCM), she will again demonstrate her servant leadership by offering a unique perspective, while performing duties essential to the success of the chapter leadership.
