## Are you prepared to care for critically ill or injured patients?

The **FCCS** course combines expert-developed lectures with hands-on skill stations to provide healthcare professionals at all levels with the training they need to manage critically ill or injured patients for the first 24 hours or until appropriate critical care consultation is arranged. The course will cover:

- Recognition and assessment of the critically ill patient
- Mechanical ventilation
- Shock
- Infection management
- live lectures, role-play clinical scenarios and MORE!

**Target Audience:** Attending Physicians, Residents, Fellows – Anesthesia, Critical Care, Emergency Medicine, Pulmonology, and others. Nurses, Nurse Practitioners and Respiratory Therapists.

**Price includes a licensing certificate and CE's.**

**Supported by Society of Critical Care Medicine (SCCM)**
