

Candidate Statement

Name: Markisha Wilder, APRN- CNP

Personal Statement:

I first became introduced to critical care in 2016 while completing the Advanced Practice Provider (APP) Critical Care Fellowship at The Ohio State University Wexner Medical Center (OSUWMC). I fell in love with the complexity of patients in the setting of constant dynamic changes. I have a desire to continue to learn and be challenged and I have found that within critical care. I am always impressed by the team dynamic and comprehensive multidisciplinary problem solving. With the help of others I continue to see growth and change. I truly believe we are stronger together which is why I believe in the Ohio Chapter of the Society of Critical Care Medicine (SCCM) so much. I am writing this statement to be considered for the President-elect position, SCCM Ohio chapter.

After completing the critical care fellowship, I then joined the OSUWMC department of surgery as an APP in both the Surgical, Trauma, Burn and Surgical Oncological ICUs in 2017. I serve as a preceptor and mentor for nurses, APPs, students and help facilitate and provide education for medical residents rotating through the ICU. I have been a member of SCCM since 2019 and have taken an active role as a member of the Ohio Chapter Membership Committee. I have also served as Chair-Elect and currently am the Chair of the Ohio Chapter Membership Committee. I have really enjoyed working alongside the executive board and have been involved in the planning and implementation of the Ohio Chapter initiatives these past 2 years. If I am elected for the President-elect position, I plan to actively participate in furthering the mission of the Ohio Chapter through member engagement, outreach, education and inclusivity of all disciplines. As stated previously, I believe we are stronger together and I would be honored to serve the Ohio Chapter in this capacity.
