

North Central Chapter SCCM Newsletter

Summer 2020

Greetings from your North Central Chapter SCCM leadership team! We hope you are healthy, safe and finding time for self care during these unprecedented times. Thank you for all of your hard work caring for covid-19 patients.

As the pandemic continues, so too, does the North Central chapter. We are focusing on virtual educational events for the remainder of the year, but we hope that 2021 allows for more in person events to reconnect and network.

Educational events:

Webinars autumn/fall 2020

- Management of the pregnant mechanically ventilated covid patient
- Burnout, moral distress, decision making in covid
- Racial inequities in the era of COVID19
- Critical care in rural settings

Watch your email for details re: date, time & zoom link. Though not available at this time, we are hoping to offer CME in the future. Contact a chapter officer if you can help make this happen!

Special thanks to Dr. Erin Wieruszewski for a fantastic webinar in May 2020

“Stop the Bleed: An Update on Emergent Anticoagulation Reversal”.

You can catch the recorded webinar in its entirety here:
