*Non-members based on roster data

1. Welcome and introduction of outgoing and incoming Executive Board Members
2. Review of 2020-2021 Committee Activities (see slides and recording)
 - Education
 - Quarterly webinars
 - Quarterly virtual journal clubs (new)
 - Virtual Fall Symposium 2020 (new)
 - Membership
 - Increased membership (goal to increase 10% per year)
 - Outstanding member award (new)
 - Monthly team/unit recognition (new)
 - Communication
 - Increased Social Media presence and followers
 - Twitter
 - Instagram
 - Facebook
3. Finance update
4. 2021-2022 Planning
 - Webinar frequency survey>majority preferred to keep webinars quarterly with some wanting to increase frequency. No votes to decrease frequency.
 - Webinar structure survey>large # for pro/con debate and multiple shorter sessions within an hour, also some interest in moderated panel discussion
 - Annual event>majority supported a virtual symposium or hybrid in person/virtual/simulation (equal # of votes for each). Also support for Innovation and Quality Improvement Day
 - Additional Initiatives> highest # of votes for avenues for research education/collaboration and member networking events followed by equal # of votes for mentor/mentee programs, Trainee focused events and member wellness and burnout prevention programs. Few votes for FCCS/FDM/PCCS programming.
5. Open Forum
 - Membership
 - Consider program directors as champions at each hospital
 - Recognize members (e.g. certified nurses in CC)
 - Research
 - Spring research symposium, trainee driven (May/June). Potentially include a session for education on research
 - Potential for multisite research collaboration

- An ad hoc research committee
- Communication
 - Newsletter vs. Social media: members support more on social media rather than newsletter. Consider also sharing summary of social media via email though for those not on social media.
 - Consider a session on professional use of social media
