Ohio Chapter Membership

Description The Society of Critical Care Medicine's chapter system enables collaboration among critical care medicine leaders and practitioners within the same geographical area, and provides opportunities for members to exchange information, network with local critical care professionals, and discuss the impact of national issues on their communities. Members can become known by their peers, participate in their community, and interact with local and national leaders. For more information about each chapter, please visit the chapters webpage.
Log in to ensure your price reflects member discounts.
Nonmember Price: $45.00
Your Price: $45.00
